PROFILE

Motivated and forward-thinking product owner. Eager to collaborate with the team to deliver a top-notch client experience across a variety of projects in an Agile environment at BreakThru.

EXPERIENCE

PRODUCT OWNER

BreakThru

Oct 2022 - Present

- Collaborating with teams to discover and deliver the best solution to the market presented by the product team lead and the business.
- Create and maintain the solution vision, roadmap, and backlog of work through the project's life cycle.
- Translate features into user stories within the team's backlog while managing, ranking, and prioritizing this backlog to reflect stakeholder's requirements.

SQA ENGINEER

BreakThru

Nov 2020 - Sept 2022

- Create and execute test cases & test scenarios.
- Interacting with the development team to help solve the defects found.
- Functional testing, UI testing, performance testing & load testing.
- Maintaining the bug cycle, bug verification, and closure of the assigned testing tasks using bug-tracking tools.
- Created automated web/mobile test script on Selenium/Appium with C# using Xunit.
- Created test cases in cucumber BDD using the Xray tool in Jira.
- Train, mentor and develop junior team members.
